Material Safety Data Sheet

Issue Date: November 1, 2016

Section I—Product Information

Product Name	DMX Drain™
Product Type	Dimpled PP Membrane
Product Use	Drainage Membrane

Section II—Hazardous Ingredients/Identity Information

Hazardous Components (Specific Chemical Identity, Common Name(s))	OSHA PEL	ACGIH TLV	Other Limits Recommended	% (optional)
None				

Section III—Physical/Chemical Characteristics

Change in Physical State (°C)	120 - 160	Density (g/cm³)	0.955
Area Weight (g/m²)	650	Thermal Decomposition (°C)	> 300
Explosion Limits	None	Hazardous Reactions	None
Hazardous Decomposition Products (°C)	> 300 combustible gas		

Section IV—Fire and Explosion Hazard Data

Flash Point (°C)	325
Extinguishing Materials	All
Unusual Fire and Explosion Hazards	Burns from Molten Material- First Aid: Cool with water, Do not remove material, Call physician
Hazardous Combustion Products	Do not inhale combustion gases

Section V—Reactivity Data

None

Section VI—Toxicological Properties

None

Section VII—First Aid Measures

None

Section VII—Preventative Measures

Personal Protective Equipment	Respiratory Protection: None
	Hand Protection: None
	Eye Protection: None
Storage Requirements	Keep away from ignition sources
Disposal	Pure Polyolefins- waste code no. 57128
	Other Pure Plastic Refuse- waste code no. 57129
	Impure Plastic Sheet- waste code no. 57119

The data and information is based on our knowledge to date and is intended to describe the product with regard to safety requirements. They are not to be interpreted as a specification of properties of the products described.
