### Material Safety Data Sheet

**Issue Date: November 1, 2016**

#### Section I- Product Information

|              |                     |
|--------------|---------------------|
| Product Name | DMX Drain™          |
| Product Type | Dimpled PP Membrane |
| Product Use  | Drainage Membrane   |

#### Section II—Hazardous Ingredients/Identity Information

| Hazardous Components (Specific Chemical Identity, Common Name(s)) | OSHA PEL | ACGIH TLV | Other Limits Recommended | % (optional) |
|-------------------------------------------------------------------|----------|-----------|--------------------------|--------------|
| None                                                              |          |           |                          |              |

#### Section III—Physical/Chemical Characteristics

|                                       |                       |                            |       |
|---------------------------------------|-----------------------|----------------------------|-------|
| Change in Physical State (°C)         | 120 - 160             | Density (g/cm³)            | 0.955 |
| Area Weight (g/m²)                    | 650                   | Thermal Decomposition (°C) | > 300 |
| Explosion Limits                      | None                  | Hazardous Reactions        | None  |
| Hazardous Decomposition Products (°C) | > 300 combustible gas |                            |       |

#### Section IV—Fire and Explosion Hazard Data

|                                    |                                                                                                |
|------------------------------------|------------------------------------------------------------------------------------------------|
| Flash Point (°C)                   | 325                                                                                            |
| Extinguishing Materials            | All                                                                                            |
| Unusual Fire and Explosion Hazards | Burns from Molten Material- First Aid: Cool with water, Do not remove material, Call physician |
| Hazardous Combustion Products      | Do not inhale combustion gases                                                                 |

#### Section V—Reactivity Data

None

#### Section VI—Toxicological Properties

None

#### Section VII—First Aid Measures

None

#### Section VII—Preventative Measures

|                               |                                                 |
|-------------------------------|-------------------------------------------------|
| Personal Protective Equipment | Respiratory Protection: None                    |
|                               | Hand Protection: None                           |
|                               | Eye Protection: None                            |
| Storage Requirements          | Keep away from ignition sources                 |
| Disposal                      | Pure Polyolefins- waste code no. 57128          |
|                               | Other Pure Plastic Refuse- waste code no. 57129 |
|                               | Impure Plastic Sheet- waste code no. 57119      |

The data and information is based on our knowledge to date and is intended to describe the product with regard to safety requirements. They are not to be interpreted as a specification of properties of the products described.
